

Blackberry Settings for Exchange 2010

From the **Home** screen, select **Setup**.

Select **Personal Email Set Up**.

Agree to the End User License Agreement. If you already agreed in a previous session, choose Add An Email Account.

On the Email Account Setup menu:

- In the "**Email address:**" field, enter your FCNet email address.
- In the "**Password:**" field, enter your FCNet password, and then select **Next**.
- Select "**I will provide the settings to add this email account**", and then choose **Next**.
- Select Internet Service Provider Email (**POP/IMAP**), and then select **Next**.
- Select I will provide the settings to add this email account. Click **Next**.
- Complete the following fields as you are prompted:
- For "**Email Address:**", enter your FCNet email address.
- For "**Username:**", enter your FCNet username.
- For "**Password:**", enter your FCNet password.
- For "**Server name:**", enter exchange.fullcoll.edu .

To complete the setup process, select **Next**.
